## REPORT VILLA'S DEFEAT

**In a Battle Fought With  
Federals Near Torreon  
And At Rosario  
Today**

**CANNOT BE VERIFIED**

**On Account of Strict Censorship of All Dispatches in the War Zone—Federal Troops Leave Mexico City For the North.**

(ASSOCIATED PRESS TELEGRAM)  
El Paso, Texas, March 18.—The thousands of persons in this section whose fortunes are locked up in the military and political developments in Mexico today awaited authentic information of the reported battle north of Torreon. In the last 24 hours, exactly fifteen words of a press despatch seeped through the censor and over the single telegraph line connecting Juarez with the present war zone. It was so restricted as to be scarcely more than an index of what it is assumed the censor removed.

Meanwhile federal agents here assert that General Villa, moving confidently in the direction of Torreon, suddenly came upon the enemy a hundred miles north of where he had expected them, was defeated at Escalon, on the main line of the railway and at Rosario.

If the claims of the federals are correct General Villa is still in a precarious position, with an enemy in front and another threatening by a flank movement to occupy his rear. Federals assert, and there were rumors to the same effect in rebel camps at Juarez, that the first federal detachment moved out of Torreon west of a range of mountains beyond which lies Escalon and the railroad. This column, proceeding in the direction of Parral, is said to have come upon the rebel general Urbina at Rosario and the latter was forced to retreat, pending the arrival of reinforcements. Rosario is 110 miles west of Jimenez and the latter city is directly in the rear of Escalon.

The federal attack at Escalon apparently was delayed until the western column of the other side of the mountains, had engaged Urbina. Exact information as to the fortunes of this general were eagerly, though not confidently awaited today. Federals here claim that not only was the rebel western column defeated at Rosario but that it was unable to prevent the entry of the Huertista troops into Jimenez. If this proves true, much of Villa's army has been cut off from retreat, with an enemy in front and behind and mountains and the desert on either side.

This feature of the story received little credence here. Reader belief was found for the report that the rebels were defeated at Escalon but it is pointed out that the constitutionalists by retreating a few miles to Bellano, could occupy rifle pits and trenches constructed in the course of previous revolutions and there make a fresh stand.

The number of men engaged in the alleged battles can only be guessed at, and even rumors omit wounded and dead, except in the case of General Benavides, reported by Huertista here to have been killed at Escalon where his column, the Zaragoza, a brigade of 1,500 men, is said to have borne the brunt of the federal attack. It is pointed out that the revolutions of the last four years have shown consistently that it takes more than one engagement to decide a Mexican battle.

## NO CONFIRMATION OF ENGAGEMENTS AT THE CAPITAL

(ASSOCIATED PRESS TELEGRAM)  
Mexico City, March 18.—A column of 1,500 federal troops, commanded by General Javier de Moura left today for the north to join in the campaign against the rebels at Matamoros, opposite Brownsville, Texas. The column took with it a large equipment, including ten armored automobiles.

The federal office has no confirmation of the reported fighting at Escalon in the state of Chihuahua. The departure from the federal capital for Vera Cruz today of Jose Lopez Portillo, minister of foreign affairs, gave rise to rumors here that he intended to confer with John Lind, personal representative of President Wilson.

## Friends Gladly Help

The Booklovers' Contest is not half over. Less than one-half of the 70 pictures have been printed. In one evening anybody can with the help of a catalogue, find answers to the pictures that have been published. With the aid of friends who have been in the contest for some time it will not take even that long and everybody who is solving the pictures will gladly help you if you will help them. Then the probable answers posted in down town windows make it all the more interesting though contestants are all warned that these answers are only the merchants' judgement of the pictures. Back coupons and catalogues may be obtained at this office. They will be mailed to any address upon receipt of 2c each for the coupons and 27c for the catalogue.

Every day the number of contestants increases. That list of 136 prizes is tempting and the contest itself gives a great deal of profitable pleasure. Your friends are in, but perhaps you aren't. Why? It isn't too late if you are prompt.

**THREATEN TO STRIKE.**  
(ASSOCIATED PRESS TELEGRAM)  
Cleveland, March 18.—John F. Meek, a garbage driver and chaplain of the Sanitary Drivers' union, was discharged by the city public service department today, and immediately 100 union garbage drivers, among whom Meek is a leader, renewed threats to strike. A threatened tie-up was averted several weeks ago.

## OLIVE DRAB WILL REPLACE BLUE UNIFORM

(ASSOCIATED PRESS TELEGRAM)  
Columbus, March 18.—Blue uniforms of the Ohio national guard will be replaced soon with olive drab apparel, Adjutant General George H. Wood announced today. The drab uniforms are held to be more serviceable. Within a short time, a general order will be promulgated by the adjutant general directing national guard organizations to send the blue uniforms to the state arsenal. The blue uniforms will be turned in to the war department at Washington. Ohio national guard regiments and smaller organizations, excepting the first squadron of cavalry, will hold individual encampments this season. General Wood was advised at Washington that the proposed maneuver camp for the Ohio, Michigan, Illinois and Indiana troops could not be held, and that it was not likely any regular army troops could be sent to Ohio to take part in encampments, and as a result of this, each regiment will camp by itself.

## School Holiday In Celebration of Grandson's Birth

(ASSOCIATED PRESS TELEGRAM)  
Berlin, March 18.—Emperor William today ordered a general school holiday in Berlin in celebration of the birth of his sixth grandson at Brunswick this morning. The young Duchess of Brunswick, who is the only daughter of the emperor, was reported as doing well.

## EGGS TAKE A TUMBLE IN THE LOCAL MARKETS

You who in the past have had cause to complain of the high cost of living, will find comfort in a perusal of the market list for it shows a drop in the price of eggs from 30 to 20 cents. This is indeed glad news to the housefrau and especially to the household where Lenten season prevails.

Eggs have soared upward from 30 cents, but on rare occasions indeed were they below this. The commission man today is paying 17 cents for them to the farmer, while the grocer is selling them retail for 20 cents. The drop in price is probably due to the warmer weather, but the drop in temperature may mean an increase in the price.

## PRISONERS SAW BARS AND ESCAPE

(ASSOCIATED PRESS TELEGRAM)  
Kansas City, March 18.—Eight municipal prisoners, most of them sent up on vagrancy charges, escaped today by sawing off two window bars and sliding thirty feet down a rope made of blankets to the ground. The improvised rope broke under the weight of the eighth man, preventing the escape of thirty other prisoners.

## SOLDIERS ASSISTING POLICEMEN

**In Guarding Different Sec-  
tions of Paris Owing To  
Tense Excitement  
of Populace**

**EDITOR'S ASSASSINATION**

**Has Aroused Various Political  
Factions—Mme Caillaux, Who Did the Shoot-  
ing, is Closely Guarded in  
Her Prison Cell.**

(ASSOCIATED PRESS TELEGRAM)  
Paris, March 18.—The appearance of armed detachments of Republican guards posted at strategic points of Paris today added to the tense excitement aroused among the various political factions by the assassination of Gaston Calmette, editor of the Figaro.

At every point where there was likelihood of trouble, the police were supported by soldiers. The officers of the Figaro, the chamber of deputies, the residence of M. Caillaux and the Saint Lazare prison, where Mme Caillaux has occupied a cell since she killed the editor to clear her husband's name—all were magnets which attracted the populace today.

At each of these points strong bodies of police and soldiers were on duty, prepared to act sharply in quelling disturbances. In the southern part of Paris, in the Latin quarter and in the working class districts, where it is only necessary for a turbulent individual to shriek "Death to Caillaux" or "assassin" for him to be joined by dozens of others, the police kept a watchful eye. Several times they cleared away noisy groups who, however, reassembled as soon as the police had passed.

Mme. Caillaux seems today to have become a popular heroine amid the turmoil. Among the crowds of excited gesticulating people her name is heard constantly. She is talked of as the victim of her love for M. Caillaux and as his instrument in committing the crime which has robbed the press of prominent writer and the French cabinet of its leading spirit.

The crowd have adopted as their own the assertion of Deputy Delahaye in the chamber last night "that cabinet ministers nowadays send their wives to kill those obstructing their path."

The excitement among the populace is worked upon by the many sensational newspapers among the 139 daily publications of Paris. These exaggerate, invent and hint at things and the paper vendors yell the insinuations among the crowd, evening the people still further.

Mme. Caillaux meanwhile sleeps on a narrow iron bedstead in the prison of Saint Lazare. Her hitherto remarkably calm attitude was today said to be breaking down under the torture of being always under watchful observation.

She is never left alone. Relays of nuns, two at a time, sit in the small cell with her, whether she is sleeping or waking. Besides these constant companions, prison wardens frequently look into the cell through the finely meshed wire partition to see that no breach of the prison rules is committed. The wardens in the prison talk among themselves of the firmness with which this woman, accustomed to luxury, endures the restraint.

## IMPORTATION OF STRIKEBREAKERS STARTS TROUBLE

(ASSOCIATED PRESS TELEGRAM)  
Canton, O., March 18.—Rioting took place here today when strike-breakers were imported to the Novelty Iron company in an effort to break a molders' strike, which has been in progress several weeks.

Henry C. Hall, Interstate Commerce Commissioner.

Henry Clay Hall, one of the two newly chosen members of the Interstate Commerce Commission, whose powers stretch over the railroad empire of the United States, has been built up law practice, lectured on law for the developing disciples of Blackstone and Kent, and hitched up with substantial corporations. Once he was general counsel of the Colorado Southern and Arkansas, Louisiana Railroad and other big enterprises. His railroad knowledge will serve him in good stead in his new work of supervising the running of billions of dollars of interstate traffic.

## J. B. RECTOR'S GENERAL STORE A TOTAL LOSS

**EARLY MORNING FIRE AT VIL-  
LAGE OF HICKMAN IN MARY  
ANN TOWNSHIP.**

**Flames Discovered by Neighbor and  
In 35 Minutes the Building  
Was in Ruins.**

(Special to the Advocate)  
Hickman, O., March 18.—One of the worst fires in the history of this hamlet, occurred at an early hour this morning when the grocery and general store conducted by John B. Rector, was totally destroyed, entailing a loss of \$1200, upon which Mr. Rector carried an insurance of \$800.

He did not succeed in saving a dollar's worth from the flames. The fire was discovered shortly after midnight by Mrs. William Stricker who lives across the road, and was awakened by the roar and crackle of the flames. With her husband she gave the alarm, but the rear of the store was already doomed and in thirty-five minutes the entire structure was burned to the ground.

The building was owned by Harvey Stradley and had been built for twelve years. This of course was a total loss.

The cause of the fire is not known.

## GAS COMPANIES COMPELLED TO TEST METERS

(ASSOCIATED PRESS TELEGRAM)  
Columbus, March 18.—Every gas company in the state is compelled to own a standard gas prover and test meters of patrons on request, according to proposed orders of the state public utilities commission made public today. A meeting of gas men will be called by the commission to discuss the orders before they are finally put into effect.

A gas meter which does not run faster than three per cent when gas passes through it at the rate of six cubic feet an hour, is considered correct, according to the proposed orders. Gas companies are compelled to test each meter once in every four years. A fee of \$2 may be charged the consumer who asks a test of his meter and this is to be refunded if the meter is found to be more than three per cent fast.

The standard of purity for natural gas is set at 800 British thermal units, and that for artificial gas at an average of 550 British thermal units. The larger gas companies are compelled to equip themselves with a calorimeter outfit to test the quality of gas.

## OPERATED BY CHICAGO COMPANIES

**Department of Agricul-  
ture Issues Bulletin Re-  
garding Argentine  
Beef Industry**

**REDUCTION IN PRICE**

**Generally Supposed But  
American Controlled Com-  
panies in Argentine are  
Not Being Used to Cheap-  
en Price of Chicago Pro-  
duct.**

(ASSOCIATED PRESS TELEGRAM)  
Washington, March 18.—How Argentine's beef industry which imports millions of pounds of meat into the United States monthly under the new tariff law is dominated by Chicago slaughtering and packing companies which "do by far the major portion of the entire business" is described in a "farmers' bulletin" issued today by the department of agriculture.

That Argentine beef has caused a reduction in the price of meat in the United States has been generally supposed but the department's bulletin, remarks that "it is not assumed that the American-controlled companies in Argentine are using Argentine beef "to beat down the prices of Chicago beef."

At the present time, the bulletin says, there are nine establishments for slaughtering, chilling or freezing and exporting beef, located in or near Buenos Aires, and five of these companies are owned or operated by Chicago houses.

In the summarized conclusions of the bulletin, it is shown that imported Argentine dressed beef adds to the national supply of the United States, at the recent rate, a little over one per cent, "while some of this meat," the bulletin adds, "has come from British frigorificos at Buenos Aires, a great deal of it has been consigned by the Buenos Aires frigorificos of the Chicago slaughtering and packing companies, to themselves at New York for sale by themselves in New York or wherever they please to send it by rail."

The bulletin says 9,000,000 pounds of Argentine beef are being imported into the United States monthly. It is shown that in October, the United States received 2,069,794 pounds; in November, 3,988,898; in December, 9,440,488 pounds, and in January, 8,935,797 pounds.

## EXPERIMENT WILL PROBABLY PROVE TO BE FAILURE

(ASSOCIATED PRESS TELEGRAM)  
Fonda, N. Y., March 18.—Fifty of the seventy unemployed New Yorkers who came here yesterday as the first installment in Governor Glynn's campaign to place the city's workless people on upstate farms were lodged today in the village engine house. Only twenty of the seventy arrivals accepted offers of employment with farmers, although the wages offered were those generally paid to farm hands here.

The fifty who are idle are dependent on the townspeople for shelter and food. The neighborhood farmers do not appear enthusiastic over their new help as the men are absolutely ignorant of farm work.

The men demand \$45 a month and maintenance, while the farmers offer only \$20 for men not experienced and \$25 for those who have worked on farms before. A tailor who had never seen a cow or a live fowl was willing to become a farmer for \$50 a month, \$25 of this in advance. He failed to convince any prospective employer. Several others were willing to work but could not get up before 9 a. m.

Deputy State Commissioner of Agriculture C. W. Harmon, who was in charge of the men would not say this morning what would be done with those who did not secure work. Fonda residents are fearful that they will be left here.

## HOCKING VALLEY SUPERINTENDENT IS DEAD IN TOLEDO

(ASSOCIATED PRESS TELEGRAM)  
Columbus, March 18.—Thomas M. Connor, superintendent of the Hocking Valley railroad was found dead in bed at Toledo early today. Confirmation of a report of Mr. Connor's death was given out at the Hocking Valley general offices in this city. Superintendent Connor had recently been under the care of a physician but had recovered sufficiently to be thought to take a business trip to Toledo. He was a brother of M. S. Connor, general manager of the Hocking Valley, and was about 46 years old.

## PASSENGERS BADLY INJURED.

(ASSOCIATED PRESS TELEGRAM)  
Woburn, Mass., March 18.—Seven persons were badly injured when an electric car containing 90 passengers jumped the track on a sharp curve at the foot of a steep hill here early today. The car plunged 40 feet across the street into an embankment, but remained upright.

## BOLD ROBBERS HOLD UP CLERK IN A CHICAGO HOTEL

(ASSOCIATED PRESS TELEGRAM)  
Chicago, March 18.—While a companion guarded their automobile, a robber early this morning entered the Briggs House, one of Chicago's oldest downtown hotels, shot and slightly wounded an assistant manager, took \$150 from a cash register and fled just as the night clerk had opened the safe and was about to hand him the \$5,000 which it contained. The bandits then drove rapidly away from the hotel.

"Open the case, and hurry," ordered the robber after P. D. Greenwood, the night clerk, had handed over the money in the cash register. A bellboy overheard the robber's orders and ran for assistance. William Sturmer, assistant manager, and Fred Hazel, a steward, rushed to the lobby just as the clerk had opened the safe and was about to reach for the money and jewelry belonging to the guests. The robber heard them, turned and fired five shots at them. One struck Sturmer in the leg.

## INVESTIGATION BY GRAND JURY IS TO HAVE WIDE SCOPE

(ASSOCIATED PRESS TELEGRAM)  
New York, March 18.—The grand jury investigation which has been known as the "inquiry into the charges against John Burke," is much wider in scope than this phrasing implies, it was learned today at the office of H. Snowden Marshall, the United States district attorney. Burke, suspended chief of the commissary department of the Panama railroad, is charged with having accepted bonuses from companies to which were awarded contracts for supplies. It is now hinted that the investigation will end either in the exoneration of Burke or in indictment of a number of zone officials. There is, however, no prospect of immediate developments, according to Mr. Marshall although he held a conference today with Colonel Goethals, which it is said, might precipitate the broader inquiry.

## JAY GOULD WINS THE CHAMPIONSHIP IN TENNIS CONTEST

(ASSOCIATED PRESS TELEGRAM)

Lowe of England, the professional all-rounder. The American champion, in one of the finest exhibitions of the game ever seen here, carried off the title seven sets to one. The scores of the match were: 6-0, 6-1, 6-4, 6-3, 6-2, 6-3, 5-6.

Not more than one person's name may be written on any coupon.

## Theaters

**A GUARANTEE.**  
To Newark Theater Goers:  
"Stop Thief" which appears at the Auditorium Theater in this city Thursday night is one of the best comedies ever produced on the American stage. Colman and Harris have had phenomenal success with its production and I wish to place my personal guarantee back of the company appearing in this city tomorrow evening. "Stop Thief" had a long run at the Gayety Theater in New York an able same thoroughness of production will be seen in the company which Messrs. Colman & Harris are sending to this city. You will make no mistake by reserving a seat for this great play.

WARREN C. OTTE,  
Manager Auditorium.

"Stop Thief."  
Crook plays and the light-fingered fraternity make the most interesting plays these days. Three of them were produced in New York last season and each one appeared to meet with a marked success. "Stop Thief," which Colman and Harris produced at the Gayety Theater and which they will present in this city at the Auditorium, Thursday, one night only, outdistanced the others and appeared to be as popular at the end of the season as it was when first produced. There is a reason for this. The author, Carlyle Moore, makes his characters bold and of the smooth order. He introduces into the play two kleptomaniacs, a real crook and a wedding. One of the kleptomaniacs is a millionaire, the other is his prospective son-in-law. The bride-to-be is aware of her father's predilection for stealing, but is ignorant of the fact that her future husband is so afflicted. Into this house a real thief is smuggled by a new maid, and the plot thus tangled in the first act calls for the appearance of a battalion of policemen in the second act, and here is where the thrills begin. The crook demonstrates how easy it is to pluck a watch from a policeman's pocket and get away with it without being detected. One valuable article after another disappears in the most mysterious manner, and in the search for the culprit many funny situations are evolved. Seats are now selling.

"The Girl of My Dreams."  
At the Auditorium, Friday, March 20, the theater goes to the delightful play "The Girl of My Dreams." This highly successful musical production which had its initial presentation in Chicago three seasons ago, enjoying twelve weeks, run, is said to be one of the most delightful and refined musical plays seen in years and a worthy successor to its famous predecessor "Three Twins." It has also filled highly successful engagements in all the principal cities of the country. The book is by Wilbur D. Nesbit, of the Chicago Evening Post. Otto Hangerbach is responsible for the lyrics, while the music by the late Karl Hoschna, composer of "Bright Eyes," "Three Twins," "Madame Sherry" and "Doctor De Luxe." The piece is chock full of catchy musical numbers "I'm Ready to Quit and Be Good," effectively rendered by Mr. Purviance and Miss Von Hatzfeldt's delightful "Doctor Tinkle Tinkler" being the most popular. The balance of the company numbers among the principals, Eda Von Luke, Charles Horne, Nell Burns, Adele Boulais, Roy Helm, Irving Brooks, Frank McEwen and W. D. Stone, to gether with a splendid male chorus and the original Deluxe Pony Ballet. The organization numbers sixty people in all.

**Paul Rainey's African Pictures.**  
The Paul Rainey African Hunt pictures, a film story of the remarkable journey of the Cleveland sportsman into the innermost wilds of the Dark continent, is to be the attraction at the Auditorium next Sunday matinee and night. The picture is beyond a doubt the most wonderful thing of its kind ever appearing in Newark and is of special value, because of its educational possibilities.

The picture is most complete and begins with a preparation into the jungles. The audience is carried step by step until the very heart of the African wild lands is reached. The film pictures the killing of the leopard by Rainey's hunting dogs in which the beast is chased to the top of a tree and dislodged by two dogs, who climb to the topmost branches themselves. In one of the pictures a young rhinoceros is shown following its keeper around like a pet dog. In the last reel there is a lion hunt shown by the natives and the Rainey expedition. The picture is in six reels.

### THIS KIDNEY REMEDY. A GREAT HEALER

For a number of years I was troubled with my kidneys, condition so serious that part of the time I was unable to work. Tried several remedies, also different physicians without relief. A sample of Dr. Kilmer's Swamp-Root was left at my house, I commenced to take it and continued it until I had taken several bottles and am now cured. Am sixty-two years of age and able to work every day. I attribute my cure to the use of your Swamp-Root.

My wife also was cured by Dr. Kilmer's Swamp-Root. Symptoms were very serious, including hemorrhages, great pain and distress. I commenced giving her Swamp-Root and it was just as healing in her case. We can heartily recommend your Swamp-Root to all kidney sufferers.

Very truly yours,  
H. C. GRIFFITH,

### FORMER JOHNSTOWN GIRL IS LURED AWAY; FOUND IN INDIANAPOLIS

White slavers are believed to have lured Lela Arnold, 19, former Johnstown girl, from Delaware to Indianapolis where she was located Tuesday night by police officers of the Indianapolis department. She will be returned to Delaware.

A special from Johnstown today says that little is known of the Arnold girl there as she left that village many years ago.

A Delaware special regarding the case says:

Just before leaving Delaware she was seen with a strange man. She had drawn \$95 she had deposited in a bank here but took only a few articles of clothing with her. When found last night by Indianapolis authorities she refused to tell what she had been doing and claimed to have gone to Toledo after leaving Delaware and then to Indianapolis to seek work. Y. W. C. A. authorities in Indianapolis, where the girl stayed, say she came there by herself Monday and left later and did not return until yesterday.

Monday afternoon a man telephoned from Indianapolis to Mrs. M. F. Wolfe, with whom Miss Arnold had stayed for the last three months, and asked to have the girl's trunk sent. Mrs. Wolfe refused and then Miss Arnold herself talked and made the same request. She refused Mrs. Wolfe's plea to return, and the latter informed Mrs. H. C. Clippinger, Delaware juvenile court officer, who asked the Indianapolis police to locate the girl.

According to Mrs. Clippinger, Miss Arnold, whose home formerly was in Johnstown, was brought to the Children's Home here when quite young and just recently was employed by Mrs. Wolfe. Until three weeks ago she showed no disposition to leave this position. At that time a man who said he was a picture salesman from Indianapolis made advances to several girls, and it is believed finally induced Miss Arnold to leave with him.

The girl's mother, who is said to live in Columbus, married again after the death of Lela's father, and the daughter was sent to the Children's Home.

### HIGH SCHOOL ALUMNI TO HOLD RALLY MARCH 25

The High School Alumni association is preparing for a rally meeting at the high school on Wednesday evening, March 25. At this meeting the annual election of officers will be held and preparations made for the annual banquet in June. The association has also taken up the work of raising a fund for a memorial tablet in the high school lobby to the memory of Dr. J. C. Hartzer, who was superintendent of the schools for twenty-four years. Miss Carrie Allen, Miss Cora Haughey, Mrs. Charles Allen and Mrs. Charles Flory are the memorial trustees and any person desiring to contribute to this fund may send the money to any of the above named trustees or to the officers of the alumni association.

### HARRY MARTIN TO MANAGE WAYNES

Fort Wayne, Ind., March 18.—Harry Martin, local catcher during the last two seasons, will manage the Fort Wayne club of the Central league this year. Martin was signed as manager following a conference held with Owner Varnell at the latter's home in Wheeling, W. Va.

Martin has played in the Central league for four years and was a member of the Newark Central league club for a short time in 1911.

## PUBLIC SCHOOLS WILL CELEBRATE ON ARBOR DAY

Extensive preparations are being made by the Board of Education and the various schools of the city, to make the Arbor Day of 1914, which comes on April 24, the best and most fittingly observed of any ever held in the city.

During the past year, a number of new schools have been erected and the beautification of the grounds left until this spring. At the meeting of the Board of Education on Tuesday evening the question of trees for the school and playgrounds was taken up and discussed. It is estimated that at least 200 trees will be required, and probably the most sturdy, and best suited to climate soil conditions for this location are the maple and elm. However one of the favored trees is a Lombardy poplar. The purchase of these trees would mean a large outlay of money, so it was decided to petition the United States Experiment station at Wooster for a donation of trees.

These will be planted during the arbor day season, and a number will be planted on Arbor Day. The pupils of the schools are busily engaged now making preparations for programs which will be given in each of the buildings, and it may be possible that a general celebration will be held. The celebrations this year will be featured by the effort to secure the interest and cooperation of the children in gardening, and to further this end, and a distribution of seeds will be made among the school children. On Arbor Day, trees will be planted by the various rooms of the different buildings and the efforts of the pupils of the High school will be directed to adding to the attractiveness of the White Athletic Field.

The grounds needing trees are those surrounding the Mound school in Grant street, the Hartzer building in South Fifth street and the Keller building, but for the latter a Mr. Griffith, residing north of the city, has asked permission with the help of his grandchildren who attend the school to furnish and plant the trees, and this privilege will be given him.

During the past few years, a great increase in civic pride has been shown in the interest taken by the children in the Arbor Day exercises and in the care given the yards and gardens at the home.

### ED STAIGER MAY SCOUT FOR FEDS

Marion, O., March 18.—Tonight Edward G. Staiger, former president of the local Ohio State League club and the discoverer of Jake Gaubert, admitted he had received four flattering offers from President Gilmore of the Federal League, to become a Federal scout. Staiger said he was considering the last offer. Last season he was a scout for two major league clubs.

### AN OLD RECIPE TO DARKEN HAIR

Common Garden Sage and Sulphur Makes Streaked, Faded or Gray Hair Dark and Glossy At Once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look years younger. Agents, Hall's Drug Store.

### DENISON PREXY HURT DURING FIRE

President Chamberlain was attending the Cleveland Denison-Alumni reunion banquet and was a guest at the club which was entirely destroyed by fire.

### JUMPED FROM THIRD FLOOR OF HER HOME

Associated Press Telegram  
Cleveland, March 18.—A Lydia Byers, 15, scantily clad, jumped from the third floor of her Ansel road home today to escape being taken to juvenile court on a charge of delinquency. Probation officers went to the girl's home for her. She heard him enter and leaped from the window. She had no then apprehended and it is feared she will suffer from exposure in the cold weather if not located soon.

Justice Scott's Court.  
An affidavit filed in Magistrate Reot's court Wednesday charged George Reid, Newark, with failure to provide for his aged mother Arie Reid.

The affidavit, filed by A. R. Fitzwater, says that ever since January 1, 1913, although abundantly able to do so, Reid has permitted his mother, who is 86 years old, to live in want.

**Uncle Walt**  
Wednesday.

This is a chaste and cheerful day, that makes a hit most everywhere; it took three medals and they said a ribbon at the county fair. On Monday man begins the week, and hardly gets his job on straight; next day he labors like a streak, on Wednesday he has struck his suit. He then makes every motion count, and thus he doesn't draw a blank; night finds him with a large amount of real mazuma in the bank. Old Woden was an ancient god who never ceased to put up a hay, while other colliers roamed abroad and spent the golden hours in play. And Woden humped himself so well, and showed such stunning zeal and vim (nor listened for the dinner bell), they named this blooming day for him. So Wednesday is the workers' day, the day on which we chase the bones; it is no time for foolish play, it is no day for drowsy drones. On Wednesday we should greet the sun when that orb rises in the West, and say, "Before your trip is done, we'll fill with plunks the treasure chest!" And then when comes the rainy day—such days have come, and will again—"You cannot freeze our feet," we'll say, and open up a can of yea. So go to work while Wednesday dwells upon Time's evanescent chart, and then when sounds the evening bells, you'll go to rest with peaceful heart.

**Contest Editor's Query Column**

The Advocate will be glad to answer all legitimate questions regarding the contest through the Contest Editor's query column. Questions may be sent by mail or telephone but the answers will be printed in this column so that no contestant will have any advantage over another.

W. L. M.—Glad to learn you won \$25 in the recent Cleveland contest and we are of course pleased to have you say that you find the Advocate pictures interesting.

F. B. D.—Your letter did not reach us but if you will give details the Advocate will make it right with you. Please write saying what you sent and what you desire us to do.

W. L. M., New Concord—You say: "I don't think any list should be 'turned down' on account of neatness for some of the coupons are not very clear which makes them look dirty." If any of your coupons are torn or dirty we shall gladly exchange them if you will send them to this office any time during the contest. While the judges are the one who pass upon questions of neatness, we believe they will be concerned only with the way in which the contestant handles the coupons, the neatness with which they are written, etc. Your inquiry about the picture will be announced soon.

E. G., F. P. R. and M. O. C.—The addresses on your paper will be changed today. The Advocate will follow you wherever you go if you will notify us. The fact that you are going on a trip does not take you out of the contest. In filling the coupons however be sure to write in your home address.

Reader—Coupons Nos. 1 to 30 may now be obtained at this office. All during the contest back coupons may be secured here. The second edition of the contest catalogue is ready, so your order will be filled at once.

Inquirer—It's as easy as rolling off a log. All you have to do is to get the Advocate every day. Come or send for the back coupons and a catalogue. The 136 prizes are free to readers of this newspaper.

B. C. D.—You can begin now as well as any time. It is not too late. The pictures are not all drawn by one artist and the suggestions for the pictures are not all made by one person.

Telephone—Your question was announced yesterday. The man standing by the bed is holding a thermometer in his hand.

G. C. K., Columbus—Your letter was personally answered today. In picture 26 the bulletin board reads "4:15." In some of the pictures the nk filled the white letters making the figures indistinct.

**Vitalizing Country Life.**

Thirty-four counties in Ohio had a smaller population in 1910 than 20 years ago, while 10 counties had fewer people in 1910 than in 1900. Governor Cox says that the three main things which caused the desertion of farm life for city life are: First—Bad roads. Second—Poor Schools. Third—Unequal Taxation. These things contributed to the exodus from the country to the city for 20 years, but no state administration ever gave so much attention to efforts to stem the tide as has the present.

Under the Hite good roads bill a plan of highway improvement has been agreed upon, which, if executed, will give the country a system of mud proof roads superior to that in any state of the Union.

The school reform legislation has won the approval of the most eminent educators of the nation and it will bring to the front the little red school house, which, in the past was filled with students and outranked all other educational institutions.

The Warnes tax law will bring millions of personal property to the duplicate for the first time and lessen the tax burden of the farmers who were found in the McKinley gubernatorial administration to be contributing \$7 of every \$10 spent for taxes.

"It therefore behooves the people in the country districts, and it ought to take hold of everyone in the cities as well, to give their moral support and co-operation to the present movement that has been inaugurated in this state to preserve country life; to keep more boys and girls on the farm; to re-establish community activities in the rural sections, and to prevent what would be the mortifying spectacle of deserted farms in the commonwealth," says the Governor.

Mr. Abernethy issued the following joint statement:

"The indictments returned against us by the Franklin County Grand Jury this morning do not charge any moral turpitude on our part, but a mere technical violation of the enacted civil service law. We are not guilty of the charges preferred and promise to establish our complete innocence to the entire satisfaction of the courts and citizenship of this state; and shall insist upon an opportunity to do so at the earliest possible moment."

**FRAIL, WEAKLY CHILD**

Made Strong By Vinol.

So many cases like this are coming to our attention, for the benefit of fathers and mothers of weak, sickly, ailing children in this vicinity, we publish the following letter.

Mrs. J. P. Weatherford, Litchfield, Ill., says: "We have had an invalid child for the past nine years and until we began using Vinol, we sometimes thought there was little hope for him. He would have terrible coughing spells at night, and they would leave him so exhausted. We tried everything, but to no avail. At last some one suggested that we try Vinol, and we noticed a change in him from the very first. The coughing spells ceased and he gained in strength right along. We would not be without it and would advise parents who have frail and weakly children to try Vinol."

This is because the child needed the strengthening cod liver element and the tonic iron that Vinol contains. No oil, delicious taste. Children love it. We give back your money if Vinol does not benefit. Frank D. Hall, Druggist, Newark, O. P. S.—For rough, scaly skin, try our Saxo Salve. We guarantee it.

ed their "shekels of silver" unto your coffers for a whirl at your generous prizes.

Yours very truly,  
J. J. HOLLINGSWORTH,  
St. Mary's, O., Mar. 17.

The Advocate appreciates Mr. Hollingsworth's kind expression but takes this opportunity to repeat that the contest was inaugurated for the purpose of advertising the Advocate. Interesting our readers and extending its circulation in a field where it could reasonably hope to be of service. The contest was confined to Licking and the seven adjoining counties. Many people, however, in other sections are daily solving the pictures for their own pleasure, while a number have written that they are "in" the contest, having joined with friends who reside in the contest territory. All coupons are to be signed by a resident of Licking or one of the adjoining counties.

**TO MAKE YOUR HAIR MORE BEAUTIFUL**

To give your hair that gloss and lustre and wavy silky softness, use Harmony Hair Beautifier. It takes away the dull dead look of the hair, and makes it bright—turns the stringiness into fluffiness—overcomes the oily odors and leaves a sweet, true-rose fragrance—makes the hair easier to put up neatly and easier to keep in place. It is just exactly what it is named—a hair beautifier, and whether your hair is ugly now, or beautiful, it will improve its appearance. You'll be delighted with the results. Simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change the color of hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure, liquid shampoo is most convenient to use, because it gives an instantaneous rich, foaming lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the more than 7000 Rexall Stores, and in this town only by us. Frank D. Hall, 10 North Side Square, Newark, Ohio.

**On Second Thought**

Neither sex has much the best of it. A man is troubled with dandruff and a woman with cold feet.

The women, as a rule, do not approve of the act of the New York woman who poisoned her husband, but they endorse the result.

The country makes some progress. There was a time when uncouthness was regarded as a statesmanlike asset and sartorial inelegance a virtue.

Those who have approached the problem in statistical mood figure that it takes ten able bodied suckers to support a grafter; and grafters nearly always live well.

If a piece of furniture is old a woman considers it beautiful.

Eph Wiley says if you'll tell him the sort of victrola records a man buys he'll tell you the sort of fellow he is.

The language takes on new elegance from year to year. Formerly a haughty woman was called "stuck up." Now she is described as being "up stage."

The Advocate assumes no responsibility for the opinions expressed in the column headed "Readers' View-point." Communications from our readers should be short, plainly written and should be signed though the signature will not be printed if it is so requested. These communications should be upon subjects in which there is general interest and they must be free from abuse or extravagant statements that tend to provoke controversy.

**The Sons of Martha.**

The Sons of Martha seldom bother for they have inherited that good part. But the Sons of Martha favor their mother of the careful soul and the troubled heart.

And because she lost her temper once, and because she was rude to the Lord, her guest.

Her sons must wait upon Mary's sons—world without end, reprieve, or rest; it is their care in all the ages to take the buffet and cushion the shock. It is their care that the gear engages; it is their care that the switches lock.

It is their care that the wheels run truly; it is their care to embark and entrain.

Tell, transport and deliver duty the sons of Mary by land and main.

Lift ye the stone, or cleave the wood, to make a path more fair or flat. Let it be black already with blood some Sons of Martha spilled for that. Not as a ladder from Earth to Heaven, not as an altar to any creed. But made, service, simply given to his own kind, in their common need. And the Sons of Mary smile and are blessed—they know the angels are on their side.

They know in them is the grace confessed and for them are the Mercies multiplied.

They sit at the feet, and they hear the Word—they know how truly the Promise rings.

They have cast their burden upon the Lord and—the Lord He lays it on Martha's Sons.

—Rudyard Kipling.

### Recipe To Darken Gray Hair

By a Specialist.

A very satisfactory preparation which darkens gray hair and acts as a corrective agent for dandruff and other diseases of the scalp can be made at small expense and in your own home by dissolving a small box of Barbo Compound in 7 ounces of water and then adding an ounce of glycerine. Any drug store can furnish these ingredients. This is to be applied once a week until the hair is sufficiently darkened, then every two weeks to keep the hair soft and glossy and the scalp in a healthy condition. It may be used with equal success in darkening the beard. This is a preparation that gives splendid results, both as a hair darkener and a remedy for all scalp disorders, and is well worthy of a trial. You will find it far superior to the ordinary store preparations and much less expensive.

Miss Mary Ruff delightfully entertained the members of the F. W. W. club at her home in Jefferson street on Monday evening. After an hour of needle work the evening was spent in music and dancing. Several pretty selections were played on both the violin and piano. At a late hour a delicious four course luncheon was served by the hostess. The table appointments were in pink and green. Hand-painted place cards, the work of the hostess, seated the following members: Misses Frances Hayes, Florence Buckley, Minnie Beck, Anna Hutson, Myrtle Bryson, Helen Dill, Blanche Tanner, Ted Ruff, Mary Sullivan and the hostess.

The next meeting will be held at the home of Miss Mary Sullivan.

The members of the Jolly Five club were most delightfully entertained on Monday afternoon at the home of Mrs. M. Ruff. The needles were piled industriously for two hours after which a Dutch lunch was served. The guest of the club was Miss Ted Ruff.

The next meeting will be at the home of Mrs. William Steeper.

The Queen Esther society will meet at the home of Miss Gretchen Leaders in Maple avenue on Thursday evening at 7:15 o'clock.

The home of Mrs. S. D. McClure in West Main street was the scene of a pretty evening musicale on Tuesday when the members of the Silent Circle of The King's Daughters entertained. ### INCREASE WEIGHT QUICKLY

Simple Way for the Thin and Pale to Be Plump and Rosy.

Samose can hardly be termed a medicine, it is in reality a flesh forming food. Taken before or after meals, it mingles with the food you eat, enables it to assimilate and readily digest, so as to make rich blood and pleasing plumpness.

After Samose has been used a week or ten days a noticeable gain in weight is seen. The sallow complexion will become rosy, the sunken cheeks will have a ruddy glow, the eyes will be bright, the breath sweet and the step elastic.

Use Samose for a month and all the flesh of the body will be firm and solid, and the outlines beautiful and symmetrical.

With the return of good health following the use of Samose, emaciation is overcome, and the thin and scrawny are once more plump and rosy.

W. A. Erman's customers have told him of the remarkable results following the use of Samose, the great flesh forming food, and he is so thoroughly convinced of its reliability that he is selling it under his personal guarantee to refund the money if it does not do all that is claimed for it. You who are thin and in poor health cannot afford to let another day pass without getting a 50c box of Samose on those terms.

### AGED WOMAN IS BADLY BURNED

Cincinnati, March 18. — When Mrs. Sarah Drett, 91, struck a match to light a candle at her home today, the head of the match was broken off. It lodged in her clothing and in a moment she was enveloped in flames. She is dying from the effects of the burns at a hospital.

Mrs. Mary Jones, 87, a sister of Mrs. Drett, was burned trying to save her sister.

### YOUNG WOMEN'S BAZAAR PROVES A BIG SUCCESS

A real feat in high finance and one which ought to disprove a time worn theory with some, that woman's place is not in the business world, was accomplished when we've young women, all employed in various business houses and offices in the city, with two weeks work raised over \$700 to be donated to the new school to be built by the St. Francis de Sales Catholic parish.

These young women are members of the Q. C. club, a social organization, and when the determination was made to build the school they were the first to respond, and through their own efforts solely, was the splendid amount cleared. The members are Misses Leona Eagan, Margaret Dwyer, Nan Dwyer, Josephine Egan, Grace Egan, Edith Kureth, Clair Kureth, Julia McCarty, Edna Streitt, Catherine Shaughnessy, Marie Gihbert, and Mary Baker and these girls divided the town into districts, soliciting only Catholic church members, and the nucleus of their efforts was a bazaar, which was held at the Armory on Tuesday night.

It was a St. Patrick's day affair, and the hall was resplendent in green and white. Booths were arranged with the draperies of green and white. Confectionaries were arranged in one, fancy and hand-work in another. Then there was a typical country store where one could secure anything for anything. The bazaar opened on Tuesday afternoon and to adults an admission of 10 cents was charged and by this method \$58 was secured. Then a beautiful doll was dressed, and three little girls, Susie Gallagher, Eva Stare and Mary Hohl, solicited their friends and to the child securing the most money was the doll given. This proved an enormous source of revenue, for little Miss Gallagher who was the fortunate contestant turned in \$110.80, Eva Stare, \$90, and Mary Hohl \$18.

During the hours the following program was given: "Believe Me if All Those Endearing Young Chums" Miss Helen Bader "Kathleen Mavourneen" Robert Brennan "Mother Macree" Louis Kureth "Come Back to Erin" Miss Helen Schaffer "When I'm Dreaming of Erin I'm Dreaming of You" Frank Ewald "Father O'Flynn" Mr. Theodore Kemp "The Last Rose of Summer" Miss Blanch Trost, double quartette Rev. Father O'Boylan, pastor of the church delivered a short talk on his trip through Ireland, this address completing the formal program.

Coffee, doughnuts, ice cream and cake were served, and then you could buy anything you wanted in the hall, even the doll coming in for further revenue, after establishing a precedent of bringing in \$210. It was named and chances were sold on guessing the name, the award for the successful guesser being a beautiful hat.

So everything was made to count and when twelve eager, happy, but awfully tired young women shut up the hall after midnight last night and gathered in a little circle before the mint of money it was found that over \$700 had been cleared.

### ACID STOMACHS ARE DANGEROUS.

Common Sense Advice By a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Such medicines and medical treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisurated soda, a simple, safe, and reliable food which ordinarily causes great distress may be eaten with impunity if the meal is followed with a little bisurated soda, which can be obtained from any druggist, and should always be kept handy.

**PERCENTAGE OF DENISON LEADS CONFERENCE LIST**  
(Special to the Advocate)  
Granville, March 18.—The Ohio Conference season closed last Saturday evening following the victory of Denison over Wooster. The final rating of the first four teams is given below. There are other good teams in the conference but Denison, Oberlin, Wesleyan and State had easily the best quintets in Ohio:  
Teams W. L. Pct.  
Denison ..... 10 1 .909  
Oberlin ..... 6 1 .857  
Ohio Wesleyan ..... 9 3 .750  
Ohio State ..... 3 3 .500  
Denison in two successive years has won the undisputed basketball championship for the Ohio Conference. The Big Red team started off like a whirlwind and was never headed with the exception of the defeat at the hands of Ohio State at Columbus. It seems strange that State should have won this contest as Denison easily won from Wesleyan two weeks before the game with State. While on the other hand State was decisively beaten by Wesleyan at Delaware a week after Coach Livingston's proteges trounced Wesleyan, 36 to 23.  
Then again Denison scored a certain victory at Oberlin, 42 to 23, a week before Oberlin triumphed over State on the same court, 24 to 16. As a rule the Granville team played consistent ball, the only let up in the game being at Columbus.  
Denison played sixteen games, eleven of which were conference contests. State won from them at Columbus, 27 to 22, their only defeat. All of the strongest quintets in Ohio were met by the Big Red squad and for this reason Denison is not only the highest in the percentage column but is also the logical winner. Oberlin lost to Denison, and finishes in second place. Wesleyan lost two games to Denison and one to State, and is given third rating. State dropped two games to Oberlin, and is credited with the fourth position.  
Probably the best illustration of the ability of Denison is the fact that the team defeated the so-called world's basketball champions, the Buffalo Germans. The cleanest and fastest exhibition of the indoor game contested by Denison was played at Granville with the Germans. The final score was 52 to 38, and at the finish one of the Buffalo players candidly remarked that it was the first clean game of basketball that they had lost.  
Reasons for the success of Denison may be easily understood by those who have seen them play. The Baptist squad averages 176 pounds to the man in weight, and six feet in height. Their size, however, did not prove a detriment to their speed. Careful, systematic training and excellent coaching in the finer points of the game by Athletic Director Livingston developed the team.

**GREEK MERCHANT BOUND WITH ROPES PLACE IS FIRED**  
(Associated Press Telegram)  
Laconia, N. H., March 18.—Three men bound James Boublias, a Greek with a rope in his grocery store early today and set fire to the place, endangering the lives of thirty people on the upper floors. Boublias was able to roll to the door and call for help. Passersby pulled him out and the fire department extinguished the blaze before it had done much damage.  
Boublias said the three men walked into his store and asked him for money. When he refused, they attacked him.  
**FOUR INJURED AT DAYTON.**  
(Associated Press Telegram)  
Dayton, March 18.—Four persons were injured, Henry Pater, of Hamilton, the most seriously, when he was thrown from a horse and became unmanageable and dashed away. Three women occupants of the cab jumped and were slightly hurt. Pater was the last one to leap and he sustained many bruises about the face and body.

Whereas, At a general election held in the City of Newark, Ohio, on the 4th day of November, 1913, the question of issuing bonds of said City in an amount so great, that in order to meet the interest and sinking fund on said bonds, would require in addition to all taxes, a greater tax than one per cent on the taxable property in the City of Newark, Ohio, during the period of maturity of said bonds, that in the sum of \$250,000 for the purpose of eliminating grade crossings at the intersection of the right of way of the Baltimore and Ohio Railway Company, and the Pittsburgh, Cincinnati, Chicago and St. Louis Railway Company at First, Second, Third, Fourth, Fifth and Sixth Streets, in the City of Newark, Ohio, was submitted to the qualified electors of said City, and

## SCHOOL BOARD HOLDS MEETING LAST EVENING

Differences in interpreting a resolution providing for paying teachers when off duty on account of illness, brought a discussion in Tuesday night's meeting of the board of education which wound up with an agreement to make material changes in the resolution in question.

After much discussion the board members voted an allowance of \$20 to Miss Ann Wotring, instructor in German, and a lesser sum to Miss Edith Mackey, under provisions of the resolution.

On December 17, 1912, the resolution was adopted by the board, providing for an allowance of one dollar per day for a period not exceeding twenty days, to teachers required to be off duty on account of illness. It appears that Miss Wotring's absence extended over the beginning of a new school year and thereby hung the cause of discussion.

It was determined the resolution be amended to include only such teachers as have assumed their positions the first of the school year.

The board allowed the teachers' payroll for March, bills to the amount of \$286.50, and the final estimate of the Bryce Heating and Ventilating company, for its work on the new building, amounting to \$1100.

Mr. Smyth, representing the Bryce company, explained to the board regarding some difficulties that has been noted in the workings of oil separators in the heating plants, and presented communications from Architect Redding on the subject.

No action was taken by the board on the matter of selecting a depository for school board funds. Acting Clerk Haight reported that no bids had been received in reply to the advertisement for a depository, so it is probable the board will advertise again or place the funds in the hands of the county treasurer.

Superintendent Hawkins brought to attention of the board the need of trees at the Mound, Hartzler and Keller building and on White Field. An effort will be made to have several trees planted Arbor day, April 24.

The superintendent was authorized to order 100 diplomas for the graduating class this year. The cost is \$25.

Superintendent Hawkins was authorized to proceed with improvements at the Conrad school, and the board considered necessity for adding 120 seats for the unoccupied room in that building.

Acting Clerk Haight submitted his bond of \$2,000, which was approved.

William E. Miller presided in Tuesday night's meeting. Mr. Haight and Dr. W. C. Rank were the other members present.

It was reported that an offer has been received for the old Maholm street school site, appraised, conservatively, it is said, at \$3,500. The property has a frontage of 100 feet and a depth of 200 feet. It is said approximately \$2,100 has been offered, but the board has declined to sell so far below the appraisement. It is not unlikely advertisements will be published for bids on the property.

### MOTHERS' PENSION AS APPLICABLE TO LICKING COUNTY

It will be at least a year say county commissioners, before the mothers' pension law can go into operation in Licking county.

Officials have been compelled to convey this information to many inquirers and several applications submitted through probate court will have to be tabled probably until next March levy.

Some of the counties in the state have been fortunate enough in matters of finance to prepare for putting the mothers' pension proposition into operation very soon, but this is accomplished in such counties by reason of a surplus in some of the county funds. This surplus is turned into the mothers' pension fund, to be dealt out under provisions of the pension law until the regular levy creates a special fund for that purpose.

Not so in this country, however. Commissioners declared Wednesday that there is none of the county funds in which a surplus exists, in view of which those mothers who would come within the gratuities of the new law must wait until the special levy is made.

This defect seems to have been occasioned by an oversight when the law was enacted, by which the legislature failed to fix a means for creating this fund sooner.

After Licking county has the fund on hand, there are several conditions provided by the law regulating the allowance of the pension fund. It is to be allowed in worthy cases to mothers of one or more children depending upon the mother, or solely for support. A sum not to exceed \$15 per month is to be allowed a mother for one child. In cases where there are more than one dependent on her, a sum not in excess of \$3 per month will be allowed for each additional child.

The law also provides that in cases where the father is dead or where the mother is of good moral character and physically and mentally fit to keep her children, there are other conditions for consideration.

### UNION STATION.

Mrs. Thomas Taylor and Mrs. William Larimore have both beef on the sick list, but are better at this writing.

Mrs. James Ford and Mrs. Weekly, attended church at Licking Sunday morning.

Mrs. Frank Hackenbracht and son, left Monday to spend a few days with her parents.

Mr. and Mrs. John Caryle and Miss Pearl Weekly spent Saturday evening in Newark.

Peter Krouse of Newark, spent Monday at their farm near this place.

Next Sunday will be the election of officers in the Sunday School for the coming year.

Miss Elsie Lees, spent Friday night and Saturday with Pataskala friends.

### Hears Road Case.

Many witnesses were in probate court Wednesday, before Judge Robinson Hunter, who heard the N. C. Fleming road dispute, carried to probate court by Attorney J. V. Hilbard on appeal from the county commissioners. After hearing the case, Judge Hunter held the matter open for further citations, as there appears considerable doubt in his mind regarding the jurisdiction of the court in this particular case.

Residents of Perry and Hanover townships sometime ago petitioned commissioners to establish the Fleming road. After hearing and investigation, the board of commissioners ordered the petition dismissed. It is on this that appeal is taken.

Every cloud may have a silver lining, but it generally looks like thunder.
